

Something old, something new

Citation for published version (APA):

Engels, E. B. (2016). *Something old, something new: vectorcardiographic loop size and response to cardiac resynchronization therapy*. [Doctoral Thesis, Maastricht University]. Maastricht University. <https://doi.org/10.26481/dis.20161019ee>

Document status and date:

Published: 01/01/2016

DOI:

[10.26481/dis.20161019ee](https://doi.org/10.26481/dis.20161019ee)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Something old, something new

Vectorcardiographic loop size and response to cardiac resynchronization therapy

1. $1 \times 3D > 12 \times 1D$ (Dit proefschrift)
2. *Loop size does matter* (Dit proefschrift)
3. In patiënten met linker bundeltakblok voorspelt het T-golfoppervlak uit het vectorcardiogram de respons op cardiale resynchronisatie therapie (Dit proefschrift)
4. In kandidaten voor cardiale resynchronisatie therapie kan het moment van rechter ventrikulactivatatie worden bepaald met behulp van het vectorcardiogram berekend uit electrogrammen die afgeleid zijn van de pacemaker elektroden (Dit proefschrift)
5. Het vectorcardiogram kan met kleine aanpassingen aan bestaande medische apparatuur breed inzetbaar worden gemaakt (Valorisatie, dit proefschrift)
6. Patiënten die niet reageren op een behandeling zijn de drijvende kracht achter het onderzoek naar verbeteringen van deze behandeling
7. Een nauwe samenwerking tussen arts en ingenieur resulteert in nieuwe en betere inzichten
8. Het oude maar goedkope vectorcardiogram is van onschatbare waarde voor de behandeling van hartfalen
9. *In every life we have some trouble. But when you worry, you make it double* (Bobby McFerrin)
10. *You can never cross the ocean unless you have the courage to lose sight of the shore* (André Gide)
